

# Tortola HOUSE

*"A Vacation You Won't Forget"*

*As a quiet getaway, the advantages of Tortola are apparent as soon as you land.*

*Extremely mountainous, Tortola rises abruptly from a seemingly incandescent turquoise sea to form a high, narrow ridge cut by numerous sand-fringed bays. The northern shore, facing the Atlantic, is draped in near jungle-like lushness; the Caribbean shore to the south is drier but still verdant. Bright red and yellow hibiscus blossom everywhere. Steep, twisting roads crisscross the mountains yielding spectacular views of several neighboring isles, including the nearby U.S. Virgin Islands.*

## Welcome!

Thank you for your inquiry regarding rental of the Tortola House.
